THE 10TH OF EACH MONTH

We welcome comments, boating stories and any articles of interest you'd like to submit...

AT THE HELM

Commander John F. Mulkey, P

What's with the weather? First we had the coldest winter anyone could remember, and now we have the hottest Summer. This month summer will be officially over, but that won't make us much cooler, or lessen the threat of a hurricane.

On the bright side, September 7, 2010 is our Annual Italian Night. Bring your favorite Italian dish to share. The cost is \$5 per person for an enjoyable night out. I promise to keep the business meeting short!

Also in September, our JN class will begin. To all you Advanced Pilots out there, this is the time to take the next step toward your full certificate.

For our October meeting we will have a very interesting speaker. Richard O'Toole will present his slide show on "SHARKS"! This will be a good meeting to bring a friend, especially, someone who may be interested in becoming a member.

The D23 Fall Conference is coming up on October 1-3, 2010. This event is always fun and we hope to see a large number of Cocoa Beach members there. The host is Banana River and they have always supported us when we have hosted this event. The Hilton at Melbourne Beach has just been totally renovated and the Friday evening party will be held on a new deck overlooking the ocean. Hope to see you there!

Top L: July speaker, George Peek with the Coast Guard Auxillary.

Top R: August speaker, Pam Connor, with BCSO Crime Prevention.

Bottom: New members L-R, Daniel Perry, Wendy Perry & Peter Knox.

ADMINISTRATIVE OFFICER**LT/C Joseph S. Auchter, JN**

Duane Balkema had a good turnout for Lunch on July 24 at the Sunset Grill. Luckily, we had one member and spouse show up in a boat--all the rest came by car.

Duane is now requesting that the Boating Members turn out in force for the "Treasure Hunt" on 28 August from 1 to 3 pm---weather permitting. There will be prizes for the boat that reads the clues and identifies the object. Please send by 16 August to Duane Balkema (321-452-5892) your name, boat name and size to him as soon as possible

SQUADRON EDUCATION OFFICER**LT/C Paul A. Ragusa, P**

Any one wishing to take the Seamanship course please let me or ASEO 1/Lt Ken Charles, AP know. A class is being formed and will begin in September. The instructors are LT Adrienne Goldstein, AP and LT Bob Goldstein, AP JN will also begin in September instructed by P/D/C Fred Adame, SN. JN requires that you have successively completed Seamanship, Piloting, & Advanced Piloting. We can't set a date for either class, until we have a head count so that the course books can be ordered. Also, keep in mind that once books are ordered they can not be returned to National.

SECRETARY**LT/C Marilyn Flanigan, AP**

Please remember to take the time to review these changes listed below and correct your Roster.

Coco-Nauts Corner

President Lt Debra Burleson, S

The Coco-Nauts are still enjoying the summer off! However, it will be back to work soon, planning our card/game party & luncheon for Oct. 9th at the Community Church in Cocoa Beach. We have invited BRSPS & TSPS to join us for this fun event! Doris Valentine is selling the tickets, and they are \$15 p/p. She will have the tickets with her at the Sept. 7th and Oct. 5th general membership meetings. You may also call her at 321-452-1835.

Our next meeting will be held at the Merritt Island Moose Lodge at 11:30 on Sept. 8th. Our own Reesa Jacobson, will be our guest speaker. You may bring your brown bag lunch, or order from the menu at the lodge. Food is good, and the prices are reasonable! Beverages, and dessert will be provided.

Also, at the next meeting, I will bring the recipes for the chicken and pasta salads. We have already gotten a few volunteers from our June meeting, but we still need more. I hope most of you will be able to attend this meeting, as it is an important planning meeting. If, you are not able to attend this meeting, and would like to volunteer to make the chicken or pasta salad, please give me a call at 321-454-3171, and I will get the respective recipe to you. Since, the salads are transferred into one big container on party day, they do need to be made with the exact ingredients, as called for in the recipes.

GALAXY 23
From the District Bridge
D/Lt/C Ernst G Homann, JN
Secretary

Communications is a key ingredient for the success of any organization regardless whether it is a business, club or a non-profit association. How well we communicate with our associates depends on the message and on the tool or method that we use. Here we will address only the main tool that we have at our disposal.

With DB2000, USPS handed us several years ago a comprehensive and powerful software that allows us to access the details of our membership. Besides giving us the basic name-address-certificate number it also gives us rank, grade, what courses were taken and when. It gets better, allowing us to query the software for planning purposes such as getting the answer as to who has not taken say AP but completed the prerequisite S and P.

Want to plan an outing? It is easy to find out who has sail and powerboats and sort them by length. Want to find out what pennant or flag you are entitled to fly or who has a birthday next month? Easy.

However, there is a rub: The information has to be provided by the members and entered by one squadron individual, usually the Secretary. This important step gives us the ability to communicate with the membership – well, it turns out most of them. Let's look at some figures to get a handle on the probability of getting the intended messages delivered promptly:

As of mid-July D23 had 967 members

Of these 667 (69.0%) have an e-mail address

Most – 914 (94.5%) have a phone (home or business assumed to be a landline)

A few – 90 (9.3%) have cell phones listed

Surprisingly, 19 households list no phone of any type and no e-mail, just a street address.

All this points out the importance of our members furnishing us accurate and complete information about themselves. But it also suggests that Secretaries should identify the gaps and missing items in our database and make an effort to keep it clean and current.
