

Advanced Piloting

Instructor: P/D/C Bill Fehr SN

Date: Thursday, April 13, 2017

Time: 7:00 PM

Location: Cape Canaveral Hospital in the Medical Plaza Building Room D

Contact: P/C John FitzGerald, JN-CN for further information

Advanced Piloting (AP) builds on the previous course and is the second in the sequence of USPS courses on navigation. It continues to build coastal and inland navigation skill, allowing the student to take on more challenging conditions – unfamiliar waters, limited visibility, extended cruises, tide, current, wind and their effects on piloting. GPS is embraced as a primary navigation tool while adding radar, chartplotters, and other electronic navigation tools.
